

Grace & Truth Online

Application Form

Our Commitment:

Grace and Truth Online Homeschool Facilitators are committed to coming alongside parents to take the guesswork out of homeschooling. We will help you tailor an educational plan to suit each of your children and implement it with some of the best Classical Christian Curriculum available. We will register your student in an American school – working toward an American High School Diploma. We will connect you with legal advice for homeschooling in South Africa. If you choose our premium packages, our coaches and teachers will do the marking and recording for you. Through our live online classes, we will provide you with a local community to spur your children on towards excellence and enjoyment.

Your commitment:

We understand that Grace and Truth Online is not a school and we as homeschooling parents retain the full responsibility for the education of our children. We will provide daily supervision and accountability. It is our responsibility to participate in the educational plan to make sure that our children take the required courses to enable them to pursue their dreams after high school. It is our responsibility to convert their American Diploma to a foreign earned exemption with the South African Universities Board if further studies are desired. We understand that Grace and Truth cannot guarantee our children acceptance into university.

We understand that Grace and Truth Online will be teaching our children from the perspective of the Sola-[Five Confession of Faith](#) and [Core Values](#). Robust discussion and debate are welcomed and encouraged in our classrooms and we as families are free to hold opposing views.

The Application Fee of R500 per child covers the educational plan as well as a quote for Registration with Grace and Truth Online.

I have read and agree to the above commitments.
