

Dialectic Book Lists

We encourage Dialectic students to cover all of the resources below, but only Writing, Worldview and Geography will be discussed in our allotted class times on a Friday. **Students MUST complete all Worldview readings** in order to participate in meaningful discussions. The History Readings will give a good context for the Worldview questions, and the literature provides fascinating insights into the Ancient World through good quality books. **Books in bold with an asterisk are required reading for many weeks and need to be purchased.**

Dialectic Writing and English Our writing class will meet weekly so all IEW work is required. The rest of this list is drawn mostly from the TOG Dialectic Literature lists with a few Upper Grammar books thrown in where we thought they made a more interesting alternative. Not all of the literature books need to be owned, and you can decide which ones you want your student to read. It is easy to share all of these books with others who are willing to pass their copies around. These books will not be discussed in class but there will be a reward system for Literature Worksheets that are handed in on Fridays.

Here is the link if you want to order the Literature from TOG. You will definitely enjoy having it in your home library!
